SOFTWARE

EQUIPMENT COMPATIBILITY

TMS Plus will work with any of the following Ditch Witch products:

750 Tracker
750 Display
752 Tracker
752 Display
8500 Tracker
8500 Display

SYSTEM REQUIREMENTS

To use TMS Plus, we recommend the following:

An Intel® Pentium™ processor or equivalent, 200 MHz or faster running Microsoft® Windows® 98/ME/2000/XP/Vista

16 megabytes or more of RAM

CD-ROM drive (internal recommended)

Pointing device (i.e., mouse or touchpad)

For 750 series, enabled serial port

If you do not have an enabled serial port, you will need one of the following:

Serial I/O PC card and serial port adaptor (preferred)

USB serial port adapter

For 8500 series, enabled USB Port
